

ES406

Battery powered Scrubber

The ES406 battery powered scrubber can be used for stripping, scrubbing, spray cleaning, and any work near swimming pools.

This machine made with high density rotomoulded polyethylene ensures a high quality, durability and long life.

With two big wheels this machine is easy to move. The adjustable and ergonomic handle provides comfort for the operator.

The scrubber is equipped with a 10lt solution tank which is integrated in the body of the machine giving more weight in operation and less weight for transportation. The autonomy of this machine is over 50 minutes depending on the type of surface to clean. The great advantage of the ES406 – 12v is to avoid any risk in working near swimming pools or in very wet atmospheres and to be free to work in areas without electricity.

This scrubber is also available in 230v.

Product Code: 27-400-40601244

Power 250 Watts
Rotation speed 150 rpm/min
Brush pressure 21.3-31 g/cm ²
Voltage 12 v
Frequency 50 Hz
Solution tank 10 lt
Autonomy (approx.) 50 min
Diameter 406 mm
Dimensions cm L55 x W41 x H30
Weight 17-27 kg
Weight with battery 30-40 kg

Optional Accessories

Charger

- 230V/12V • 6AH

Code: 42-100-04493800

Battery

- 12V • 44AH

Code: 42-100-04496600

Nylon brush

- Ø 432 • 0.8 - 0.5 mm

Code: 27-160-24411400
Code: 27-160-24411500

Tynex brush

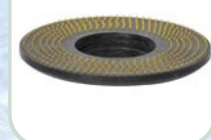

- Ø 432 • 0.8 - 1.1 mm

Code: 27-160-44410200
Code: 27-160-44410300

Flexible studded pad holder

- Ø 406

Code: 27-150-24411700
