

505_{ET/ST} / 705_{ET/ST}

Great Productivity

Huge hopper capacity

Extensive filtering surface

Extensive running time

High Performance

Main brush pressure adjustment

Ergonomics, User Friendly

Easy to use control panel

Great visibility whilst working

Designed to assure minimum noise levels

Battery level indicator

Robust construction

Heavy duty chassis in fully coated steel

Maximum protection against impact

Panel control switches protected against water and humidity

Low Maintenance Costs

Dust filter replacement without tools

Easy access to motor compartment
